

Energy Efficiency Program for Large Energy Users

Alaska Energy Authority is encouraging businesses and commercial building owners to participate in a Commercial Building Energy Audit Program to help reduce energy costs. Applications are being accepted from November 1 through December 20, 2013. Successful applicants will be reimbursed up to the full cost of the energy audits on privately-owned commercial buildings.

For more information and applications, go to <https://www.akenergyauthority.org>. For program information contact Cady Lister (907) 711-3039.
