Your requests and my allocation of Skier Days for the 2019 Heli Ski Season:

SEABA: Request 1200. Allocation 1000.

AK Heli: Request 1400. Allocation 1225.

AMG: Request 450. Allocation 375.

The 2018 season did not provide a strong basis for this years' allocations. I reviewed historical requests, allocations and use in making my determinations. I trust they will serve you well, and that you will all have a safe and profitable year. I look forward to working with you in October/November on mapping issues.

The final season report can be accessed at this site:
