

## **2015 Special Ski Production Permit – Post-production Activity Report**

### General Description of Use:

MSP is a film production company that makes action adventure ski movies. MSP utilizes ski athletes, cinematographers, photographers, and safety staff to produce a segment in a ski movie. Helicopters are used to transport the crew from the airport or other approved helicopter landing zones to the mountains to produce the segments. MSP was filming in the Haines, AK area for a segment in its upcoming ski movie.

MSP operated in the Haines, AK area utilizing a Haines Borough Commercial Film Permit and a permit from the State of Alaska Dep't. of Natural Resources and a permit from the Bureau of Land Management.

MSP was in Haines, AK from 3/20/15-4/6/15. MSP worked in the mountains in the Haines, AK area on 3/22/15-3/25, 3/30/15, and 4/4/15-4/5/15. MSP operated between the hours of 7am and 6pm during those dates.

MSP worked within the permitted and approved Haines Borough Commercial Ski Tour Areas. MSP used the Haines Borough Commercial Ski Tour Area Map to determine where it could and could not operate. MSP utilized a majority of the permitted and approved terrain within the Haines Borough Commercial Ski Tour Area.

MSP utilized 4 ski athletes, 3 cinematographers, 1 photographer, and 2 safety personnel. MSP utilized 2 helicopters at times, one to transport the crew and the other a specific camera ship with a specialized camera mounted on the aircraft.

MSP did not have any accidents while working in the Haines, AK area and no wildlife was observed during filming.
