**Subject:** BIG Mistake

Contrary to rumors, I am Human I made a mistake last night the map I looked at on page 265 of our packet is the area I was referring to in my discussion last night not area 21.

The email for Scott is as follows

I want to also add this area. It represents a rural part of the borough and has very little photography or cinematography produced from this area. It is possible that encouraging skiers to visit this area might promote the use of a very rural part of the Haines borough. It will also give assembly members more options when considering this possible temporary area.
