CLERK'S OFFICE
DEAR MAYOR and ASSEMBLY,

The boat ramp needs to be moved from its current location, the harbor needs to be expanded and with expansion an extension of the breakwater. With the current plan these are being covered and mostly paid for.

The public has known of these plans and have had many options and time to comment. Now is not the time for a special vote on public ~~opinion~~ opinion. In the end the harbor may cost 30 million, but 19.5 has already been covered, no more attempts to delay, please.
