Subject: Correspondence to Captain Neussl, Deputy Commissioner, Alaska
Marine Highway, Assembly Agenda June 26, 2012

The letter to Captain Neussl is intended to mirror and support the letter the Municipality of Skagway (MOS) sent earlier this month regarding this year's change to the day boat ferry schedule. That letter is also included for your information. The issue we are bringing forward is that a consistent day boat schedule in the upper Lynn Canal is the keystone to increased utilization of the ferry. Skagway's ad hoc AMHS committee is composed of Gary Hansen, Jan Wrentmore, and Assembly member Mike Korsmo. The letter underscores the importance of the day boat schedule to the economies of Haines and Skagway.
