From: Alaska Chilkoot Bear Foundation

Subject: Tour Permit for Shannon Donahue

We are writing in support of Shannon Donahue's application for a tour permit to the Chilkoot corridor. In her capacity as Bear Monitor, Shannon has always done a superior job of dealing with the public and promoting a quality experience for visitors and for wildlife. She proposes to offer small scale educational services and tours, and to support the Bear Monitor. She does not wish to increase traffic or take away business from other companies. Her goal is bear education through talks, educational brochures and small customized tours.

We feel she will be a helpful addition to tourism at the Chilkoot.

Sincerely,

A handwritten signature in cursive script that reads "Pam Randles".

Pam Randles, President
for the Alaska Chilkoot Bear Foundation
