**Subject:** Aspen hotel in Haines

Hello Mayor Scott,

I will not be able to attend the Assembly meeting tonight because I am a high school basketball coach and we have practice. I fully support the Aspen Hotel project in Haines. As a coach and a parent, I am concerned about our shrinking school size and declining economy in Haines, and something like a well established, reputable business can help restore some of the economic base we have lost over the past several years.

Please consider my support for this project and keep guiding Haines towards progress and development of our economic resources.

Sincerely,  
Brian W. Elliott
