

February 7, 2014

Dear Assembly Members,

I am writing this letter in response to assembly's Ordinance 13-12-357 that will require the CVP to no longer be allowed to use the Human Resource Building by June 2014.

We know that CVP is in need of a new location but to end their contract in such a short length of time seems unfair to CVP and our community.

We would like to encourage the assembly to allow CVP more time to plan for a new location and allow our town to continue to be able to have this very important pre-school program of Haines to continue to help our children and our grandchildren.

Sincerely,

Ronnie Hauser

Shirley Hauser
