---

Dear Julie

Please give the following letter to all assembly members, the mayor, and the manager. Also please put my letter on the record under Supporting Documents.

Thank you

Katey Palmer

Dear Haines Borough Assembly members, Mayor Hill, and Manager Seward,  
The proposed Resolution 16-06-681 conflicts with Haines Borough Code and therefore, should not be considered at this time. Code requires any changes to the heli-ski map be submitted by May 31, a map committee then established by June 10, and recommendations from that committee be given to the manager by July 15.

If the Assembly determines that those dates are not appropriate, then the Code would need to be amended prior to consideration of any map changes. For both legal and ethical reasons, Resolution 16-06-681 should be tabled at this time.

Sincerely,  
Katey Palmer
