Subject: Haines Harbor Expansion
Date: Tuesday, July 12, 2016 4:13:04 PM

Assembly Members:

The Haines Harbor Expansion Project is an asset to the whole community. Haines has a vibrant waterfront and the expansion is necessary because our current small boat harbor has outgrown the needs of our town. We need more space and a deeper harbor for subsistence and commercial fisheries, recreational boats and sports fisheries, and tourism. The harbor is part of the infrastructure that maintains the quality of life we love and appreciate in SE Alaska. I like boat harbors; I think they are eclectic and lovely. I believe the expansion project will enhance, not detract, from our beautiful waterfront.

Sincerely,
Deborah Gravel
