Hi Sandy,

Thank you for your input to the planning commission. Please send your comments to Tracy Cui at the borough office so they can be entered into the official record.

Subject: Kennel Conditional Use Proposal at Property C-TBS-00-3300

With regards to the Richardson's use of their property (across the street from ours) as a "conditional use kennel", we would like to state that, as property owners, we would definitely not want approval for this project given.

Mr. Richardson's four dogs have been all over our property and one has bitten me.

These people have been consistently negligible with their dogs. There is no reason to believe that they would be otherwise with other people's dogs.
