Subject: Cemetery Hill speed limit

Follow Up Flag: Follow up
Flag Status: Completed

Mud Bay Road and Small Tracts Road have always been major thoroughfares to the end of the peninsula. I believe it is unnecessary to lower the speed limit on Cemetery Hill. A 20 mph speed limit would lengthen the time it takes for many of us to drive home.

I am also opposed to closing Cemetery Hill to truck traffic. I don't think many of us like big trucks speeding by our homes, but it's unfair to force more of them on our neighbors. The borough would be treating the residents of Small Tracts Road as second class residents if it routed all truck traffic their way.
