Current use of adjacent properties:
Attach the following documents to the permit application: <input type="checkbox"/> Site plan (see Attachment A) showing lot lines, bearings and distances, buildings, setbacks, streets, etc.

PREAPPLICATION (Required)

Pre-application Conference Date: _____

Prior to submission of an application, the developer shall meet with the manager for the purpose of discussing the site, the proposed development and the conditional use permit procedure. The manager shall discuss these matters with the developer with special attention to policies and approval criteria that may pose problems or constraints on the site or the proposed development activity and policies or approval criteria that may create opportunities for the developer.

APPLICATION

Please provide a written narrative explaining how your project will meet the following requirements. You may use the space provided on this form or attach your answers. A variance may only be granted if the Planning Commission finds that these six standards are met.

1. The use is so located on the site as to avoid undue noise and other nuisances and dangers.
 Describe what safeguards are being provided (i.e. setbacks or buffers) to meet the condition.
2. Explain how the development of the use is such that the value of the adjoining property will not be significantly impaired.
3. Explain how the size and scale of the use is such that existing public services and facilities are adequate to serve the proposed use.

4. Describe how or why the specific development scheme of the use is consistent and in harmony with the comprehensive plan and surrounding land uses.

5. Explain how the granting of the conditional use will not be harmful to the public safety, health or welfare.

6. Describe the safeguards that will be provided so that the use will not significantly cause erosion, ground or surface water contamination or significant adverse alteration of fish habitat on any parcel adjacent to state-identified anadromous streams.

IV. FEE

A non-refundable fee of \$150 must accompany this application. Checks must be made payable to the HAINES BOROUGH.

NOTICE

Per HBC 18.50.040, Comments received from property owners impacted by the proposed development will be considered and given their due weight. Additionally, the Planning Commission may impose one or more of the following conditions:

1. Development Schedule. The conditions may place a reasonable time limit on construction activity associated with the development, or any portion thereof, to minimize construction-related disruption to traffic and neighbors, to ensure that lots are not sold prior to substantial completion of required public improvements, or to implement other requirements.
2. Use. The conditions may restrict the use of the development to specific uses indicated in the approval.
3. Owner's Association. The conditions may require that if a developer, homeowner or merchant association is necessary or desirable to hold or maintain common property, that it be created prior to occupancy.
4. Dedications. The conditions may require conveyances of title, licenses, easements or other property interests to the public, to public utilities, or to the homeowners association. The conditions may require construction of public utilities or improvements to public standards and then dedication of public facilities to serve the development and the public.
5. Construction Guarantees. The conditions may require the posting of a bond or other surety or collateral (which may provide for partial releases) to ensure satisfactory completion of all improvements required by the commission.
6. Commitment Letter. The conditions may require a letter from a utility company or public agency legally committing it to serve the development if such service is required by the commission.
7. Covenants. The conditions may require the recording of covenants or other instruments satisfactory to the borough as necessary to ensure permit compliance by future owners or occupants.
8. Design. The conditions may require the adoption of design standards specific to the use and site.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

ATTACHMENT A

SITE PLAN REQUIREMENTS

1. Drawing showing dimensions, including elevations, of lot on which activity/construction is planned.
2. Existing streets, alleys, sidewalks, driveways, easements, including widths.
3. Existing buildings/structures on the property, their location, dimension and proximity to lot lines or other structures. (Measured from closest point on structure to other lot lines, structures, etc.)
4. Proposed construction—including location, dimensions, and proximity to lot lines or other structures. (Measured from closest point on structure to other lot lines, structures, etc.)
5. Existing and proposed non-building improvements, including surface water drainage plan, driveway placement, culvert(s), off street parking (location and dimensions), on-site water and/or wastewater handling systems.
6. Shore lines, steep slopes, or other evidence of natural hazards.
7. If zero lot line construction proposed, show plan for handling snowdrop onto adjoining properties.

It is strongly recommended that an as-built survey be performed prior to submittal of the application.
