RESCISSION (CLOSURE) OF BOIL WATER NOTICE

The Haines Public Water System in the areas of Small Tracts, FAA, Tower Rd., and Highland Estates is no longer on a boil water notice.

The Department of Environmental Conservation (DEC) has formally rescinded the boil water notice issued on July 18, 2016. This notice was originally issued due to a loss of water pressure due to an air lock in the Lily Lake transmission line.

A set of six total coliform samples were collected on July 19, 2016, with all samples testing satisfactory (no total coliform bacteria were detected).

The effective date of the boil water notice rescission is July 20, 2016.
