[Summary of how the BOE is to operate.docx](#) (31.3 KB)

Annette

I had some time tonight to create a summary (definitely not detailed) of how the BOE would operate under the proposed revisions that our committee has put together.

I can certainly see some areas where some changes may be necessary, but the main focus remains the same. One of those areas is in the rules governing the BOE. I have some suggested language in the attachment that should cover that.

Paul
