Subject: Concerns about SEABA 'event'

SEABA's request to operate outside the boundaries of the "Haines Borough Approved Commercial Ski Tour Areas" map for a month long 'event' concerns me since this goes against the intentions of the borough code. Opening areas 1, 2, and 21 is not appropriate since these have been closed for good reasons. Areas 1 and 2 are important for denning brown bears and other wildlife in addition to noise concerns expressed by nearby residents. Area 21 would present a threat to mountain goat populations. This company has already been charged with illegally taking clients to closed areas on federal land and making a special concession against borough code because of low snow doesn't seem justified.

Sincerely, Michele Cornelius
Haines Resident
