Dear Assembly Members,

I have included additional details relating to Resolution 14-04-547.

- 1) Authorship of the memo attached to the resolution was not noted, it was me.
- 2) The support signatures mentioned in the memo were not included in the packet and are here for your reference.
- 3) Assembly person Schnabel has suggested alternate wording (below) that adds clarity to the resolution. It would be great if someone could suggest amending the resolution if you agree with it.

**"Now, therefore be it resolved that the Haines Borough accepts the costs of operating and maintaining a sauna at the Haines borough pool facility if the sauna is purchased and installed by the Borough with funds donated from private sources. "**

Please let me know if you have any questions.  
Thanks,  
Darsie

SAUNA at the Pool

The Haines Borough is considering building a sauna at the pool. It is hoped that a sauna would bring in more people and additional revenue. Please sign below if you support this.
