

Haines Borough
Haines Borough Ports and Harbor
Advisory Committee
RECORD OF DECISION

DATE: 5-05-16

TO: Borough Assembly

FROM: Haines Borough Ports and Harbors Advisory Committee

BOARD DECISION: Motion, Norman Hughes1st, Bill Rostad2nd. Passed 6-0
Haines Borough Ports and Harbor Advisory Committee agrees with the
findings of the PND letter # 102029.12 and encourages the Army Corps to
issue the 408 permit.

RATIONALE: Committee members have read the PND letter and agree with
the Harbor design as presented to the Army Corps. Gap is acceptable
between rubble mound and new breakwater. Closing the gap will not
appreciably reduce wave energy farther in the harbor. \$300,000 spent on
closing the gap will not be needed.
