### 2020 Heli Ski Season-End Report

Prepared per HBC 5.24.040F by Interim Borough Manager Alekka Fullerton

### 1. Permits Issued.

Three operators were permitted for the 2020 season. This year, the season only lasted two weeks until COVID shut them down. All Heliski permits were suspended on on March 27, 2020:

Operator	Start Day	End Day
Alaska Heli-skiing	March 6	March 19
Alaska Mountain Guides	Never started	
SEABA	March 11	March 25

# 2. <u>Skier Day Use</u> (Historical data attached) Total 2600 skier days were available, allotted and used as follows:

Operator	Days allotted	Days Used
Alaska Heli-skiing	1000	106
Alaska Mountain Guides	500	0
SEABA	1000	156

### 3. Spot Checks

Borough policy mandates the borough manager conduct 5 spot-checks for each heli-ski operator throughout the season. It is assumed that only 3 dates were requested since the season was so short this year. It appears likely that March 17 was chosen since a complaint was received regarding that day. Alaska Mountain Guides did not operate this season.

Operator	Date	Results
Alaska Heli-skiing	March 7	Did not fly- prior to start date
Alaska Heli-skiing	March 15	No indication of out of bounds activity
Alaska Heli-skiing	March 17	<sup>1</sup> Complaint received; no out of bounds waypoints; brought to Borough's attention
SEABA	March 7	<sup>2</sup> Verified Permit Infraction; \$250 fine imposed; Safety related but not disclosed
SEABA	March 10	No indication of out of bounds activity
SEABA	March 17	No indication of out of bounds activity*

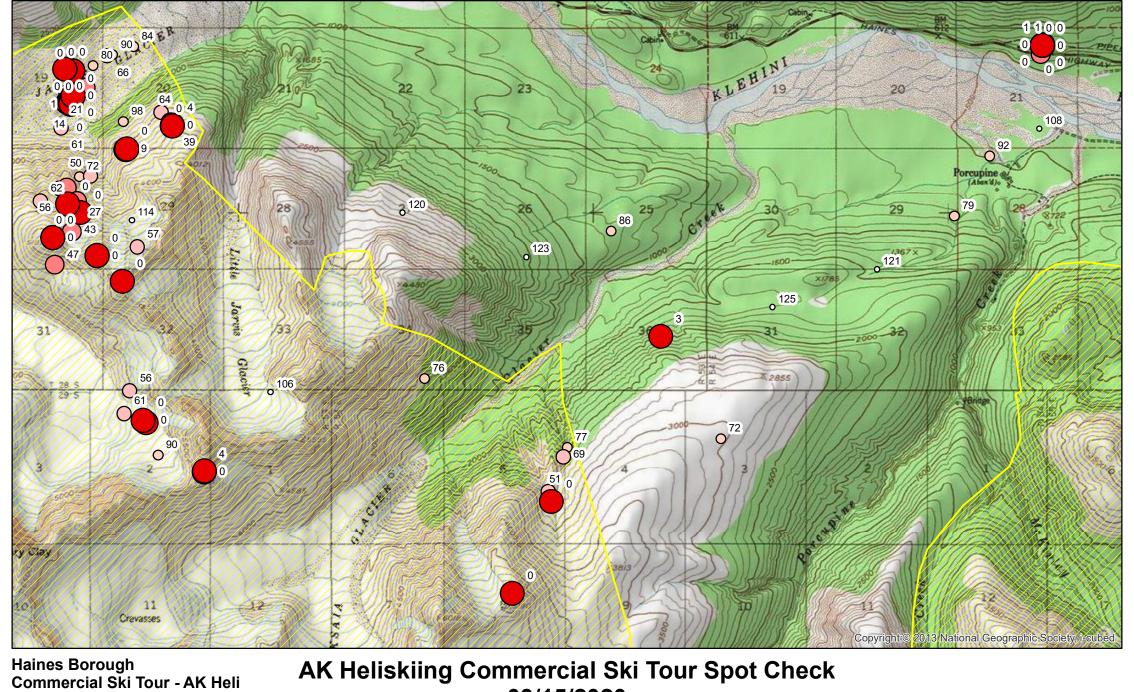

<sup>\*</sup> Significant activity on adjacent BLM land and Glacier Bay National Park land

<sup>&</sup>lt;sup>1</sup> One substantiated complaint was received for Alaska Heli-skiing's flying outside the accepted flight path between the heli-port and the US-CA Border/Jarvis Glacier are on the north side of the range. No fine was imposed since there was no out of bounds landing and the deviation was brought to the attention of the Borough. Review of historical data indicates that infractions have only been identified for landing outside the established boundaries. It is recommended that the policy be reviewed to make several changes. Complaint attached.

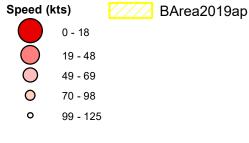

- <sup>2</sup> Only a \$250 fine was imposed on the verified permit infraction of March 7 since the Assembly-approved policy exempts the imposition of a fine if an acceptable explanation was provided. Historical analysis shows that weather/safety reasons for deviation from the map. The modest fine was still imposed since SEABA failed to bring the deviation to the attention of the Clerk's office as required by the policy. Correspondence attached.
- 4. Skier day user fees were waived for this year by the Haines Borough Assembly at their April 14, 2020 meeting.
- 5. It is recommended that the attached Assembly Policy be referred to the Tourism Advisory Board for updating/further recommendation.

### Haines Borough **BOROUGH ASSEMBLY ACTION REQUEST**

DATE:

August 17, 2020

TO:

**Borough Assembly** 

FROM:

**Borough Planning Commission** 

**SUBJECT:** Definition for "Food Trucks"

### **ACTION**:

Goldberg moved to "add the proposed definition of "Food Truck" to the definition section in 18.20" and carried unanimously.

### **BOARD REQUEST:**

The Planning Commission requests that the Assembly accept its recommendations under HBC 18.20.020 and 18.60.020. Please see attachment.

SUBMITTED BY <

Diana Lapham, Chair

Haines Borough Planning Commission

### Rationale:

The food truck industry is on the rise and in order to encourage the operation of these in a mindful way that is harmonious with the comprehensive plan and our zoning, a definition may need to be created.

Staff is aware that the issue of food trucks has been an ongoing one. In 2016, an Ad Hoc Committee was formed to advise the assembly with respect to food trucks. That group felt that additional regulation was not needed and that existing code provisions were sufficient to cover food trucks.

Staff believes that our code could benefit from a definition of food trucks and an established approach to the permitting/zoning of them. It is believed that the "Commercial Light" use, which would allow the Borough to approve the business' utility uses (power, water, & gray water) and location (setbacks, etc.) is the most appropriate. Under this definition, Food Trucks could apply for multiple locations as the Zoning dictates the approval.

### **Proposed Definition:**

Under a new definition a **Food Truck** is "a readily movable, motorized wheeled vehicle, or a towed wheeled vehicle, designed and equipped to serve food and shall be permitted as each zone permits under the approval of "Commercial Light".

Subject: CARES Act Ad Hoc Committee Meeting August 18, 2020

**Date:** Thursday, August 20, 2020 12:22:44 PM

The CARES Act Ad Hoc Committee held a meeting with the Commerce Committee on August 18, 2020 at 6:30 PM. Committee members present included Brenda Josephson, Stephanie Scott, and Gabe Thomas. Others in attendance were Mayor Jan Hill, Interim Manager Alekka Fullerton, and Financial Officer Jila Stuart.

The joint CARES Act Ad Hoc Committee and the Commerce Committee are making the following recommendations to the Assembly.

### Economic Assistance to Businesses and Non-profits:

Staff reported that the are processing 193 Business and Non-profit applications and anticipate funding of the applications to be \$488,568. Funds of approximately \$300,000 will still be available for disbursements. The Committee recommends additional disbursement for the remaining funds that have been set aside as outlined below. It is estimated that these two recommendations together will fulfill the \$850,000 previously identified for business/non-profit grant assistance. If the disbursements exceed the \$850,000 previously identified, the Committee recommends full funding of the qualified applications.

- 1) Doubling the existing granting funding to Businesses and Non-profits based on the established scale for the qualified applications up to a maximum of \$10,000 per entity or to the extent of documented loss/need due to COVID-19.
- 2) Establishment of a New Business Economic Assistance Grant program for reimbursement of up to \$1,000 in expenses for new businesses that did not qualify for the Business and Non-profit Grant that were impacted due to Covid-19. The qualified new businesses must have been licensed by the Haines Borough on March 1, 2020 and provide documentation of expenditures exceeding \$1,000 in 2020.

### Economic Assistance to Commercial Fishing Permit Holders:

\$50,000 for a grant program to provide economic assistance of \$500 to every limited entry permit holder that fished in 2019 or is fishing in 2020 provided the individual maintains primary residency in Haines Borough.

### Shop Local Economic Stimulus Program:

\$20,000 for an economic stimulus program to encourage local shopping in Haines for non-essential purchases. Individuals who provide receipts for purchases from local businesses of at least \$300 will receive a \$100 gift certificate at a participating local vendor. For the purpose of this program receipts for groceries or utilities are not eligible as non-essential. All local businesses will be invited to participate in the gift certificate program and the Haines Borough will purchase the gift certificates directly from the participating businesses.

### Economic Assistance to Individuals:

Grant program for \$500 to all individuals regardless of age that have been impacted by Covid-19 and have an anticipated **household** income of \$70,000 or less for 2020. The application would be similar to the Household Grant program, but request additional information and certification of household members and qualifications. Proof of residency of all individuals including children will be checked against data provided by the Alaska PFD program. Individuals not included as a resident on PFD records will be required to provide verifiable proof of residency in Haines effective on or before March 1, 2020. The intent of this program is to provide assistance to individuals in need while allowing them to use the funds at a wide variety of local businesses. The Committee requested staff to work with the Chamber of Commerce to develop a program that will allow individuals to choose local vendors to use grant funds for purchases. Suggestions included vouchers to local vendors, punch cards, P cards, gift cards, or another system. Staff recommendations will be discussed and finalized at the next CARES Act meeting.

#### Childcare:

The Committee will be exploring ways to assist families with young children in need or childcare due to the changes caused by Covid-19. The issue has complications due to the need to maintain social distancing and small bubbles of contacts. This topic will be discussed in greater detail at the next CARES Act Ad Hoc Committee.

The next CARES Act Ad Hoc Committee meeting will be held on September 2, 2020 at 6:30 PM. Items on the agenda include 1) Economic Assistance to Individuals and 2) Childcare.

# Municipal Arts & Culture Matching Grant Program A partnership between Municipal Governments and Rasmuson Foundation

**Program Description**. The *Municipal Arts and Culture Matching Grant Program* is a partnership between Rasmuson Foundation and Alaska municipalities in cooperation with the Alaska Municipal League. It is designed to fund arts and culture organizations whose local revenue sources are disrupted by the COVID-19 pandemic. Municipal allocations of Direct Municipal Relief (a category of CARES Act funds) to local arts and culture organizations are matched by Rasmuson Foundation.

**Program Need.** Government mandates in response to the COVID-19 pandemic have caused cancellation of performances, festivals and traditional fundraising activities that local arts and culture organizations depend on for revenue. Additionally, loss of personal income has resulted in less revenue from memberships and donations. Through allocation of Cares Act funds, municipal governments can help sustain arts and culture infrastructure.

**Eligibility.** The matching grant program is intended to support arts and cultural organizations whose revenue sources have been negatively impacted by the covid-19 pandemic. Municipalities may set their own criteria for allocation of Direct Municipal Relief funds, however, to receive *Municipal Arts & Culture Matching funds*, beneficiaries should be able to demonstrate real and projected revenue decline due to COVID-19 mandates. It is the responsibility of the municipality to ensure compliance with US Treasury guidelines for use of CARES Act funds.

### Additionally, beneficiaries must:

- have been a viable nonprofit entity within the municipality on March 1, 2020; and
- have a mission to advance, support, educate or celebrate arts and culture.

Examples of qualifying entities include arts and culture camps, arts councils, dance organizations, theatre and performing arts organizations; symphonies, choral groups and other music entities; language and literary arts organizations; museums and arts-focused festivals and workshops.

**Municipal Guidelines**. Rasmuson Foundation will match a municipality's allocation of CARES Act funds to arts and culture organizations. The match ratio is 1:1 up to \$20,000 to any entity and 1:2 for allocated municipal funds in excess of \$20,000 to that entity.

Example: Municipality allocates \$40,000 of Direct Municipal Relief funds to the local theatre organization. Rasmuson Foundation will match \$20,000 @ 1:1 and remaining \$20,000 @ 1:2 (\$20,000 + \$10,000 = \$30,000). The theatre organization will receive a \$70,000 *Municipal Arts and Culture Matching Grant* (\$40,000 municipal + \$30,000 Rasmuson Foundation).

Rasmuson Foundation limits the match to \$50,000 per municipality and \$250,000 statewide.

The municipal allocation of CARES Act funds may not replace or supplant historical or budgeted municipal support.

# Municipal Arts & Culture Matching Grant Program A partnership between Municipal Governments and Rasmuson Foundation

**How to Apply.** A municipality may administer the *Municipal Arts and Culture Matching Grant Program* directly or delegate it to a local organization tasked with administering municipal CARES Act funds. After making its allocation determinations, an authorized representative of the municipality applies to Rasmuson Foundation using the designated form. Rasmuson Foundation distributes funds to the municipality. The municipality then distributes the total grant award (CARES Act funds + Rasmuson funds) to arts and culture organizations within their community.

**Use of Funds**. *Municipal Arts and Culture Matching Grant* funds may be used for any legitimate operating or program expense incurred by the organization from March 1 through December 15, 2020 in accordance with CARES Act funding guidelines. Entities that have received funds through another CARES Act program such as PPP or EIDL are eligible for funding through the Direct Municipal Relief providing the use of funds does not duplicate or supplant those other funds.

**Reporting.** The municipality may require benefitted entities to report the use or expenditure of *Municipal Arts & Culture Matching* funds in accordance with CARES Act funding guidelines. The municipality shall verify to Rasmuson Foundation distribution program funds to organizations within 30 days of receipt of Rasmuson funds.

### Haines Borough **BOROUGH ASSEMBLY ACTION REQUEST**

DATE:

August 17, 2020

TO:

Borough Assembly

FROM:

Borough Planning Commission

SUBJECT: Chilkoot Indian Association Request for a Temporary Barrier

### **ACTION**:

Ferrin moved to recommend to the assembly to request the manager, public facilities, and police find a solution during a meeting occurring a week after the next assembly meeting (August 25) and passed 5-2.

### **BOARD REQUEST:**

The Planning Commission requests that the Assembly accept its recommendations.

SUBMITTED BY

Diana Lapham, Chair

Haines Borough Planning Commission

### Rationale:

Chilkoot Indian Association (CIA) is requesting a ROW permit to place a moveable barrier across Chilkoot Street as an "immediate and temporary measure," in hopes to later apply to vacate the ROW. The subdivision, owned by CIA, has concerns of safety and wellbeing despite measures such as signs and speed bumps already have been implemented as drivers continue to speed. The ROW is Borough owned and maintained. Chilkoot Street connects Fair Drive to Major Road.

The Planning Commission would like to see Borough Staff discuss and propose a longterm solution for CIA.
