Dear Mayor Olerud, Manager Kreitzer, Clerk Fullerton, and Members of the Haines Borough Assembly,

As you are no doubt aware, the March 24th Port and Harbor meeting is the subject of increasing public scrutiny. The topic of the Lutak Dock Rebuild, the phased approach, and the potential for transshipment of ore are highly controversial. The public interest is served when our decision-makers are fully informed before making a decision. To that end, we are sending you the full audio recording from the P&H meeting, with key clips excerpted for emphasis. Please review the material before the April 12th Assembly meeting, and consider the implications in depth. In service to this controversial development, the Open Meetings Act has been violated, the public trust has been damaged, and the public process has been sacrificed for expediency.

Your decision on Tuesday will impact this community dramatically, potentially for generations to come. Thank you for your service to the public.

Best wishes,

Jessica
