Dear Assembly,

I would like to respectfully request that you honor the expressed will of the community and curtail the Lutak Dock resolution to meet our community needs through Phase 1 and Phase 2 only. I don't believe it's in Haines' interest to cater to the needs of mining interests by enhancing the dock as per Phase 3.

A look at our neighbor should be sufficient to give us serious pause about what a dock capable of shipping ore does to the community, the environment and the overall standard of living in a town.

Please proceed full steam ahead with Phase 1 and Phase 2 and take Phase 3 off the table.

Sincerely,
James Alborough
