Dear Borough Assembly members,

I oppose the Phase 3 plan for the Lutak Dock. Despite assurances to the public that this is "not an ore terminal," the phase 3 plan clearly will accommodate ore shipments. Transporting ore on our highway and town roads creates health hazards that are immediate and long-term. There will be increased risk of toxic spills in our waters as well. As a community we have stood together to handle damaging landslides, flooding, and the COVID pandemic. Approving the phase 3 plan would show reckless disregard for the health and safety of our community. I urge you not to pursue economic gain that will create toxic risks for generations to come. Reject Lutak Dock Phase 3!

Sincerely,  
Deborah Gravel
