Alekka, Please forward this to the assembly for us.

Assembly members

We want to express our opposition to approving phase 3 of the port reconstruction with out first bringing it before the people of the borough. We do not want Haines highway used as a ore transport corridor. Nor , do we want our port used as a ore storage, and loading site. We want to keep Lutak clean, and not poisoned. There is very little, if any upside to allowing Canada to use our highway and port facilities, but a tremendous amount of risk of spills, and accidents. Please consider our boroughs health, and wellbeing.

Thank you
