Dear Haines Borough clerk,

I want to say I am opposed to spending taxpayer money without requesting input from Haines residents to aid in the design of a new dock that seems to have the sole purpose of aiding large scale mining interests to be able to bring their ore trucks in from Canada. The dock we have now is plenty adequate for the citizens of the Haines Borough and if the mining companies want to build their own dock they should be funding this design study, not the taxpayers of Haines.

Thank you
Dave Nussbaumer
