Dear Alekka,

Please include in the assembly packet for Tuesday's meeting. Thank you.

Dear Assembly Members,

I am writing to ask that you please not pass a resolution authorizing ANY contract to build and/or design a replacement for Lutak Dock without first a complete transparent public process.

It is deeply disappointing that progress and changes to the Lutak Dock Project have been made without promised and proper public input or awareness.

It appears as though the plans for the Lutak Dock Project could support an ore terminal here which would most certainly have major impacts in numerous ways. The citizens of Haines have the right to know exactly what is happening in all aspects of this project as well as what changes to the plans are being proposed and considered.

Please also consider the following:

- 1.. Why have public processes not been followed for the Lutak Dock Project?
2. Why hasn't the borough followed through with promised public meetings concerning the Lutak Dock Project?
3. Is the \$310,000 contract to Turnigan Marine a wise investment? Is it premature?

Thank you for your consideration of this matter.

Diana Edwards
