Hello Alekka,

Please send my comments to the assembly & mayor, and also add them to Supporting Documents for the Sept. 13th assembly meeting.

I am trying to wrap my head around the rush to execute a contract with Turnagain Marine Construction for the Progressive Design-Build of the Lutak Dock Replacement Project. Why have we -- Haines citizens -- not even had a chance to weigh in on this project? Where have the meetings been to discuss this project?

Don't we already have a Roll-On/Roll-Off dock to service our needs? I'll answer that: yes, we do.

It also has come to my attention that some meetings HAVE been held -- without public postings of such meetings. This is in violation of the Open Meetings Act, for which public officials should be held accountable.

It is quite evident that NO Action should be taken on this matter (to execute a contract with Turnagain) until the public has had time to voice their opinion -- in the OPEN.
