

## Petition to the Haines Borough Assembly Requesting Cancellation of Michael Dahle's Agreement for Property Assessment Services

We, the undersigned Haines Borough residents formally request the Haines Borough Assembly to cancel the contract with Dahle Emprises for Michael Dahle's services as the Haines Borough Contract Assessor. The contract currently expires on December 31, 2023, and can be cancelled with 30-days' notice, with or without cause.

Although, the Haines Borough does not currently require a Contract Assessor to maintain certain levels of certification with the Alaska Association of Assessing Officers (AAAO), we believe this is inadequate for such a sensitive position. The Borough should follow the example of other municipalities in the State by requiring the Borough Assessor to maintain a minimum of a level three certification with the AAAO and hold a current license by the State of Alaska Board of Certified Real Estate Appraisers.

In doing so trust and confidence can be restored in the Haines Borough property tax assessment process.
