HAINES BOROUGH
CLERK'S OFFICE

We need to cancel the contract of the contract assessor.

Here is Why

1. Restore public trust
2. Stop the strong arm tactics of the contract assessor.
3. If they use him next year he and his staff we be embolden to be more aggressive next year and the year after.

I know we need to catch up on the assessments but there has to be a better way. That will give us time to find a new company to do the assessments.
