Alekka,
Please forward to the Mayor and Assembly for tomorrow's meeting- thank you.

After the twin fiascos of the 1.4 million Porcupine Road and property tax mess it would seem prudent to be exceedingly careful about what you sign us up for with future costs of the Lutak dock.

From Eric Holle's LTE in last week's CVN:

"The Manager signed a 26.5 Million contract with Turnagain Marine to build the dock and has refused to say how much has been spent out of the money we don't yet have". Is this true?

From the same LTE- is it also true that the \$20 million grant that is expected to pay for this project is not yet in the borough's hands?

Please ask the Manager to explain where all this stands before allowing the project to commit taxpayers to a big debt.
Thank you, Laurie Mastrella
