Hello,

Please add this comment to the 'supporting documents' for the 12/12 assembly meeting. Thank you!

Dear Haines Borough Assembly,

Please consider issuing a stop work order for the Lutak Dock project. It's not too late to reconsider the current design and scale back the project. We need a dock that will meet the community's needs while not passing expensive maintenance and remediation costs to future generations. Halting the Lutak Dock project as it stands now will allow us to avoid negative consequences and still have access to grant funding for a scaled-back, community-oriented dock rebuild.

Thank you for your time and hard work,

Nora Zimmerly
