Dear Haines Borough Assembly Members:

Please adopt resolution 24-01-1082, which authorizes the Borough Manager to approve a change order for an additional \$78,130 for contractor Agnew::Beck to complete the Comprehensive Plan Revision.

I served on the Haines Planning & Zoning Commission last year anticipating this revision. It was the biggest “driver” for me in volunteering on the commission. I attended all planning sessions, discussions and Commission meetings as Shelly Wade of Agnew::Beck led her team through the project. As a retired Professional Project Manager, I was concerned that Haines received a well-conducted project, and Shelly and her team truly understood the nuances of Haines and its’ residents. They made an extra effort to involve non-townsite residents and have communicated status and quality deliverables to date. So far, Agnew::Beck has delivered a fine product which will be instrumental to future Planning Commissions. I am looking forward to decisions by the Planning Commission based on this factual and accurate information.

Thank You,
Richard Clement
