Haines Borough Mayor and Assembly,
Comment for 1/9/2024 regular Assembly meeting

Please follow through with the current MARAD and Lutak Dock replacement process. To stall the timeline or redesign plans means taxpayers will be responsible for costs that we would not incur with the current approved plans and price guarantees.

Right now, the project construction has NO costs to taxpayers. Refer to 12/22/2023 Special meeting status report. We can not afford to miss this opportunity to replace expensive infrastructure.

Work with the manager and contractor to navigate the MARAD final approvals and replace this key piece of Borough infrastructure on the scheduled timeline.

Thank you for you time,

David Long
