Dear Haines Borough Assembly Members,

Our town needs the Lutak dock built with the current plan and design. By building it we support the needs of the community and are given an opportunity for economic growth. For communities to thrive, there needs to be structure in place to support a healthy economy. Having the currently proposed dock built also adds to the safety and security of the town and the region.

Please do not put off this decision or in any way stall the progress of getting this dock built.

Sincerely,  
Jansy Hansen
