To the Borough Mayor and Assembly Members,
I am in favor of fixing the Lutak Dock. Apparently approval and monies have been issued for this project and now Haines needs to move forward with it. Most of our goods come to Haines over the Lutak Dock and we need this dock to sustain the Haines economy and make it economical to ship to Haines. The ferry has shown us in recent years their inconsistent operations, either through staffing, mechanical, or weather issues. We cannot afford to loose federal funds regarding the dock. The revamping of the dock is critical to Haines. We, as a community, need to get behind this project with 100% support. The Lutak Dock is the lifeline for Haines.
Sincerely,
Karen Wallace
