An Ordinance of the Haines Borough amending Haines Borough Code Section 18.30.040 to adjust code to match the actual planning commission meeting start time and to revise the review process for capital improvements and borough projects.

A version was introduced on 1/26/16, and hearings were held on 2/9 & 3/8. Following the second hearing, it was substituted with a draft proposed by staff. It was subsequently referred back to the planning commission (PC) for review. On 10/13, the PC voted to recommend a revision, and on 10/25, the assembly considered a new draft. Adoption was postponed pending more information from the PC. On 11/10, the PC reviewed the assembly's new comments & the pending primary amendment. They support a change from \$100K to \$25K. However, they propose replacing "other public facility" in the first sentence with "other borough projects" rather than "other public structures" as proposed in the amendment motion. Motions already on the table:

### 2. 2017 Assembly Meeting/Agenda Preparation Schedule Removed from consent agenda

<u>Motion</u>: **CASE** moved to "adopt the 2017 Haines Borough Assembly Meeting Agenda Preparation Calendar," and the motion carried 5-1 with **MORPHET** opposed.

### 3. Appeal of Planning Commission Decision

Note: the borough manager issued a land use permit to the director of public facilities for phase one of the harbor expansion project. Paul Nelson appealed to the planning commission and on October 13 the planning commission voted to uphold the manager's decision. On November 10, the planning commission adopted written findings of fact, so the PC's action became appealable on that date. HBC 18.30.060 allows for an appeal to the assembly of a planning commission decision. Mr. Nelson submitted an appeal to the borough clerk on November 16. The <u>burden of</u> <u>proof was on the appellant to make the case that the planning commission erred in its decision</u> <u>and that a rehearing by the assembly was warranted</u>.

**LENDE** disclosed a potential conflict of interest since she was on the planning commission and involved with the decision that is being appealed. The mayor believes it is indeed a conflict.

**Motion**: **GREGG** moved to "allow assembly member Lende to participate in the appeal proceedings," and the motion <u>FAILED</u> 1-5 with **FRIEDENAUER**, **JACKSON**, **CASE**, **MORPHET** and **LENDE** opposed.

**NELSON** was provided an opportunity to explain to the assembly why he believes they should rehear his appeal. He said his appeal is based on the Alaska Constitution, various code citations, the comprehensive plan, and the coastal management plan were not followed.

<u>Motion</u>: **FRIEDENAUER** moved to "hear the appeal in its entirety," and the motion <u>FAILED</u> 2-3 with **JACKSON**, **FRIEDENAUER**, and **CASE** opposed (and **LENDE** abstaining).

Motion: FRIEDENAUER moved to finish the agenda even if it goes after 10:00pm."

**<u>Primary Amendment</u>**: **MORPHET** moved to "amend to limit it to 10:30pm," and the motion <u>FAILED</u> 1-5 with **FRIEDENAUER**, **JACKSON**, **CASE**, **GREGG**, and **MORPHET** opposed.

The main motion carried 5-1 with CASE opposed.

**Motion**: **JACKSON** moved "direct the manager to create a resolution pursuant to HBC 5.18.080(I)(2) to postpone the map committee and manager's recommendations, to be considered at a future date in summer 2017 when reports from ADF&G are available and a new committee has been established after code has been reviewed," and the motion carried unanimously.

### 4. Appeal of Heliski Map Committee Action (November 7, 2016) – D.Hallett

Note: on 9/13/16, the assembly adopted Resolution 16-06-681 authorizing the borough manager to convene an advisory committee to consider 2016 heliski map amendment proposals. The manager appointed the committee per the requirements of HBC 5.18.080(I)(1)(c). That committee met several times to consider the proposals by going areaby-area. Subsequent to the 11/7/16 meeting, a member of the public, Dana Hallett, appealed the committee's action under HBC 2.60.130. Mr. Hallett contended the Heli-ski Map Committee Chair erred when he allowed committee members with a substantial financial interest to vote on any portion of the map change proposals.

**HALLETT** suggested **JACKSON** and **SEWARD** may have an ethical reason to be recused. Mayor **HILL** disagreed. **HALLETT** read his statements relative to his appeal. He believes the remedy would be to start the process over with a newly-constituted committee and disregard any committee recommendations. He would like an affirmation regarding his appeal.

<u>Motion</u>: **FRIEDENAUER** moved to "deny the appeal in recognition of the previous motion [postponing the map recommendations]," and the motion was amended to add '*which made it moot*'. The main motion, as amended, carried 5-1 with **LENDE** opposed.

**LENDE** said the assembly was being responsive to the appeal as evidenced by the previous motion. **JACKSON** agreed a lot has been learned and there will be changes for future efforts.

### 5. <u>Manager's Recommendation – Heliski Map Amendment Proposals</u>

Two proposals were received in 2016 requesting amendments to the Commercial Ski Tour Areas map. After considering the advisory committee's recommendation and other information, the manager prepared a recommendation for the assembly's consideration at this meeting.

<u>Clerk's Note</u>: The previous motion postponing the map recommendations made this moot, so the agenda item was bypassed.

**6.** <u>Appeal of Tourism Advisory Board Action (November 10, 2016)</u> – E.Holle Note: on 10/25/16, the assembly referred Ordinance 16-10-445 to the Tourism Advisory Board (TAB). That draft ordinance sought to clarify the composition of heliski map amendment committees. On 11/10/16, the TAB reviewed the draft ordinance as requested by the assembly. Subsequently, a member of the public, Eric Holle, appealed the TAB's action under HBC 2.60.130. Mr. Holle did not believe this assignment was in the purview of the TAB, but the primary basis for his appeal was a belief two members of the TAB had a conflict of interest and should not have participated in the discussion or voting.

**HOLLE** made his statements relative to his appeal. He disagreed with the borough attorney's opinion in the matter. The remedy he sought was for the manager and assembly to disregard the recommendations of the TAB related to the composition of a heliskiing map committee and, in fact, not to be involved with heliskiing matters at all. He believes there is a legal issue and, in his opinion, advisory boards make binding decisions. He thinks the TAB acted illegally. **JACKSON** said all committees are advisory to the assembly. There is a check and balance. The attorney opined there was not a significant financial interest. **FRIEDENAUER** noted the TAB's recommendation has not yet come to the assembly.

<u>Motion</u>: **FRIEDENAUER** moved to "deny the appeal because she doesn't believe the Tourism Advisory Committee violated code," and the motion passed 4-3 in a roll call vote with **GREGG**, **LENDE**, and **MORPHET** opposed and Mayor **HILL** breaking the tie in the affirmative.

Motion: (10:27pm) LENDE moved to "adjourn the meeting to 6:30pm on 12/14/16," and the motion carried 4-2 with JACKSON and FRIEDENAUER opposed.

### Continued Meeting --- December 14, 2016

### 7. Borough Manager Six-Month Performance Evaluation

Rather than an executive session as stated on the published agenda, **SEWARD** opted to have this discussion take place in open session.

Mayor **HILL** distributed the tallied evaluation scores and compiled comments. The assembly and manager were provided ten minutes to review the documents.

### Motion: MORPHET moved to "suspend the rules," and there was no objection.

**MORPHET** read a lengthy statement opining the manager's shortcomings. The other assembly members stated both strengths and weaknesses, and **SEWARD** gave some responses and expressed a determination to make necessary changes.

**Motion: FRIEDENAUER** moved to "go into executive session as allowed by AS 44.62.310(c)(2) and Haines Borough Charter 18.03(B) to discuss with the manager and Gershon Cohen an alleged interaction between the manager and Cohen's employer; this matter qualifies because a public discussion may tend to prejudice the reputation and character of the manager; the borough manager and Gershon Cohen are requested to attend." The motion carried 5-1 with **MORPHET** opposed.

Present: Mayor Hill; Assembly Members Morphet, Jackson, Lende, Friedenauer, Case, and Gregg; Manager Bill Seward; and Gershon Cohen. The executive session convened at 7:36 p.m. and ended at 9:17 p.m.

Motion: CASE moved to "reinstate the rules," and the motion carried unanimously.

Motion: CASE moved to "establish a three-month probation period beginning 12/19/16 and perform another evaluation after that time."

<u>**Primary Amendment**</u>: **CASE** moved to "delegate the responsibility to the personnel committee for developing performance measurements to be applied to the probation period," and the motion carried unanimously.

The main motion FAILED 2-4 with JACKSON, FRIEDENAUER, MORPHET, and GREGG opposed.

Motion: MORPHET moved to "terminate the manager's contract immediately for cause," and the motion carried 4-2 in a roll call vote with CASE and LENDE opposed.

### 3. APPROVAL OF SPECIAL MEETING AGENDA

Motion: CASE moved to "approve the special meeting agenda," and the motion carried unanimously.

### 4. PUBLIC COMMENTS:

- A. Special guests: Josh Revak from Senator Sullivan's office VA listening session- beautiful city thank you for your hospitality- Tim Ballard- Director of Alaska Veteran Health Care System- want to meet and talk to Vets and hear their issues. Please spread the word- we are happy to help contact and sign people up. Sam Hudson- Public Affairs Officer.
- B. **TURNER** Encouraged appointment of Brad Ryan as interim manager rather than a person from out of town.
- C. **T.OLSEN** Wondering about a final report from staff survey.
- D. **NELSON-** Appreciates termination of previous manager, because he believes he violated laws and his oath of office. Wants a code procedure for hiring borough managers.
- E. **RYAN** Is willing to serve as interim manager as well as full-time manager. The constant transition is very difficult; there have been three managers since he was hired in 2015, including his stint as interim manager. Three assembly members asked him if he would consider stepping up, and he is willing to do that.
- **F. ROSS** Reiterated the letter she sent to the assembly in support of appointed Brad Ryan as borough manager. Please take into account staff's input.
- G. **D.OLSEN-** He anticipated a good relationship with staff, investing in staff- nondepartment heads do not have much of a voice in the Borough. Encourages hearing from the working stiffs.
- H. **ALTEN** Manager turnover- asking a lot of only one individual- maybe they should get more time off—maybe they shouldn't be working more than 50 hours per week.

- I. **H.SMITH** Supporting Brad Ryan but trusts this body to make a good decision. I care a lot about the people she works with and she knows and trusts Brad.
- J. **A. GRAY** Best way to move forward is to hire a local Manager- stop the revolving door. If we can't have a Manager that lasts for 2 years, perhaps the Assembly is the problem and they should resign.

### 5. BUSINESS

- A. **Review of Brad Ryan offer as Haines Borough Manager- RYAN** answered Assembly questions.
- **B.** Discussion about Dave Palmer as Interim Manager- PALMER answered Assembly questions.

### 6. PUBLIC COMMENTS

- A. **D.OLSEN-** Assessor. Need a Manager who can communicate with all staff. No HR person if he had a problem with his immediate supervisor would not know where to turn.
- B. **SCHNABEL-** Julie **Cozzi** is Acting Manager not interim. Never expected an advertisement for the Interim position. She would like to be the Manager not the Interim Manager.
- C. **ALTEN** Thank you to the Assembly for their service- you are doing a wonderful job. What happened to survey took 3-4 months ago?
- D. **JACKSON** would like to know more about staff survey.
- E. **CASE** The existing code pertaining to applicability of the personnel system was put in place by a previous assembly.
- F. **COZZI** Will be having eye surgery soon and needs the Assembly to make a decision about Interim Manager.
- G. **MORPHET** wants to make the decision about Interim Manager at the next meeting.
- H. **GREGG** Should advertise so Debra Schnabel can apply for Interim if she wants.
- I. **LENDE** Didn't think it was possible that they wouldn't advertise for the permanent Manager position. Will always side with being fair. Odd process- Brad's great offer then Palmer's great offer, Schnabel's offer.

**Motion**: **JACKSON** moved to "advertise the Interim position for 5 days starting tomorrow" and the motion <u>FAILED</u> 3-2 with **MORPHET, GREGG** and **LENDE** in favor and **JACKSON** and **CASE** opposed (*Clerk's note: the motion failed because a motion needs 4 affirmative votes to pass*).

**Motion:** LENDE moved to "advertise for the permanent Manager position," and the motion carried unanimously.

Assembly Member CASE left the meeting due to illness.

### 7. EXECUTIVE SESSION-

**Motion: LENDE** moved to "move into such executive session as authorized by AS 44.62.310(c)(1) for legal matters which could have an adverse effect upon the finances of the Borough if held in public regarding Big Salmon litigation and the Seward Public Records Request. The Borough Attorney and Acting Manager are requested to participate in the Executive Session," and the motion carried unanimously.

Present: Mayor Hill; Assembly Members Morphet, Gregg, Lende, and Jackson; Acting Manager Cozzi; and Attorney Chandler (via telephone).

Following the Executive Session, no action was taken or statements made as a result of the session.

### 8. ASSEMBLY COMMENTS-

- A. **GREGG-** Would like to add to the 1/10/17 agenda a discussion of hiring a lobbiest.
- B. LENDE- Pleased that we have two good candidates for Interim Manager.
  - C. **MORPHET** Happy New Year.

### 9. <u>ADJOURNMENT</u>- 8:51p.m.

**Motion**: MORPHET moved to "adjourn the meeting," and the motion carried unanimously.

# Memo public facilities

Date: January 4, 2017

To: Haines Borough Assembly

From: Brad Ryan, Director of Public Facilities

Re: Harbor Grant Funding Public Process

The assembly on 11/01/16 directed staff to "develop a comprehensive public process and input plan in determining how to use excess grant funding for the Portage Cove Small Boat Harbor expansion and in planning and designing the elements of future phases of the project with a draft of the plan to come to the assembly no later than the first meeting in January." The motion has been slightly complicated by the proposed resolution that will be discussed at this same meeting that would designate \$420,457 toward the upland development of the harbor. If the resolution is adopted and funding comes from the G.O. bond grant for phase I of the harbor project, those funds will not be available for the public process.

With consideration of the potential resolution that would remove \$420,457 from the public process, there is still the potential of excess funding and the question of how it will be used. Staff proposes a series of facilitated public meetings inviting input from the community starting in the early spring/summer of 2018. Waiting until the spring of 2018 should allow for a better estimate of available funds and a more accurate scope of work for the community to consider. It would also allow for the Portage Cove Interpretive Trail and Harbor Park conceptual designs to be complete and potentially the design of the sport ramp from the Alaska Department of Fish and Game to be complete. Holding the meetings in the spring of 2018 would allow staff to provide conceptual designs and cost estimates from Corvus Design for the Portage Cove trail and harbor park, Fish and Game for the sport ramp, and PND Engineers for harbor floats as a starting point to direct additional funding from the G.O. bond.

## Memo Harbor

Date: December 27, 2016

To: Borough Manager / Borough Assembly

From: Shawn Bell, Harbormaster

Re: Anode Welding

It is the recommendation of the harbormaster that S.E. Underwater Services is contracted out to install 90 anodes within the inner harbor.

### **Background**

In 2007, steel piles were installed to support moorage floats. These piles were hot dipped galvanized, thus providing them short-term protection. These piles are due to receive additional protection.

The Fuel Dock piles are much older and are in need of immediate protection.

In FY-17, \$44,000 from the CIP fund was set aside for existing pile anodes. Earlier this year, \$12,424.15 was spent acquiring 90, 50lb anodes (enough anodes for the entire harbor).

This leaves \$31,575.85 remaining to have these anodes welded onto the piles.

### **Contractors**

S.E. Underwater Services, Alaska Commercial Divers, Global Diving & Salvage, and Trucano Construction were all contacted to perform this work.

S.E. Underwater Services was able to provide the best price at \$30,800, allowing us to remain within budget. They are based in Juneau and will also be providing all necessary diving and welding services during the harbor expansion project.

To Shawn Bell,

Please see our proposal for the anode installation attached below. I estimate this project will take 6-9 days to complete depending on weather and site conditions. Once we have a signed proposal and notice to proceed SEUS will make preparations and start work as soon as possible. Feel free to contact me directly with any questions or concerns.

## Memo from the Manager

Date: December 8, 2016

To: Assembly

From: William E. Seward, Borough Manager

Subj: Forwarding recommendations for Heliski map amendments.

(a) HBC 5.18.080.1 Commercial ski tours, commercial ski productions and special ski competition Re: events.

(b) Haines Borough Resolution No. 16-06-681

Pursuant to reference (a) and (b), I am forwarding the 2016 Heliski Map Committee's proposal and recommendation for your approval.

I concur with the map committee's recommendation to approve proposed areas marked as S1, S2, S3, S5, S7, AH1, AH2, AH3B, AH4 and AH5. Each of these areas received unanimous consent during deliberations by the committee.

I do not recommend the following areas for approval: S4, S6, AH3A, AH6 and AH7. These areas did not receive full consent of the committee and were not recommended by the Alaska Department of Fish and Game (ADF&G) due to the high probability of disturbing wildlife habitat.

Contingent upon the Assembly's approval, the new total area for use by the heliski industry will be 380  $mi^2$ . The previous authorized area from 2014 encompassed 369  $mi^2$ ; a 3% increase.

Respectfully,

William E. Seward **Borough Manager**

### Summary Statement:

Borough code provides a process for considering non-temporary amendments to the heliskiing map on a three-year cycle. On 9/13/16, the assembly adopted Ordinance 16-08-441 providing for a workable time-line for the future. Also on 9/13, the assembly adopted Resolution 16-06-681 authorizing the borough manager to convene a committee to consider in 2016 the proposals received by 5/31/16. It set a temporary timeline to deal with those timely proposals.

The mayor and manager proceeded to make appointments to the committee. During that process, it became evident to the manager that the section of code dealing with the makeup of the committee would benefit from clarification, and an ordinance was drafted for assembly consideration on 10/25/16. Prior to introduction, the assembly referred the draft to the Tourism Advisory Board (TAB) for review. The TAB recommended some amendments and a new ordinance draft has been submitted. The assembly is asked to consider introducing it and scheduling hearings.

Dear Applicant:

Based on information you supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably expect to be a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, during an advance ruling period you will be treated as a publicly supported organization, and not as a private foundation. This advance ruling period begins and ends on the dates shown above.

Within 90 days after the end of your advance ruling period, you must send us the information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, we will classify you as a section 509(a) (1) or 509(a) (2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, we will classify you as a private foundation for future periods. Also, if we classify you as a private foundation, we will treat you as a private foundation from your beginning date for purposes of section 507(d) and 4940.

Grantors and contributors may rely on our determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you send us the required information within the 90 days, grantors and contributors may continue to rely on the advance determination until we make

Letter 1045 (DO/CG)

#### HAINES VOLUNTEER FIRE DEPARTMENT

a final determination of your foundation status.

If we publish a notice in the Internal Revenue Bulletin stating that we will no longer treat you as a publicly supported organization, grantors and contributors may not rely on this determination after the date we publish the notice. In addition, if you lose your status as a publicly supported organization, and a grantor or contributor was responsible for, or was aware of, the act or failure to act, that resulted in your loss of such status, that person may not rely on this determination from the date of the act or failure to act. Also, if a grantor or contributor learned that we had given notice that you would be removed from classification as a publicly supported organization, then that person may not rely on this determination as of the date he or she acquired such knowledge.

If you change your sources of support, your purposes, character, or method of operation, please let us know so we can consider the effect of the change on your exempt status and foundation status. If you amend your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, let us know all changes in your name or address.

As of January 1, 1984, you are liable for social security taxes under the Federal Insurance Contributions Act on amounts of \$100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the private foundation excise taxes under Chapter 42 of the Internal Revenue Code. However, you are not automatically exempt from other federal excise taxes. If you have any questions about excise, employment, or other federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Internal Revenue Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Donors may deduct contributions to you only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, gives guidelines regarding when taxpayers may deduct payments for admission to, or other participation in, fundraising activities for charity.

You are not required to file Form 990, Return of Organization Exempt From Income Tax, if your gross receipts each year are normally \$25,000 or less. If you receive a Form 990 package in the mail, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally \$25,000 or less, and sign the return. Because you will be treated as a public charity for return filing purposes during your entire advance ruling period, you should file Form 990 for each year in your advance ruling period

Letter 1045 (DO/CG)

#### HAINES VOLUNTEER FIRE DEPARTMENT

that you exceed the \$25,000 filing threshold even if your sources of support do not satisfy the public support test specified in the heading of this letter.

If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of \$20 a day is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed \$10,000 or 5 percent of your gross receipts for the year, whichever is less. For organizations with gross receipts exceeding \$1,000,000 in any year, the penalty is \$100 per day per return, unless there is reasonable cause for the delay. The maximum penalty for an organization with gross receipts exceeding \$1,000,000 shall not exceed \$50,000. This penalty may also be charged if a return is not complete. So, please be sure your return is complete before you file it.

You are not required to file federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, we will assign a number to you and advise you of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

This determination is based on evidence that your funds are dedicated to the purposes listed in section 501(c)(3) of the Code. To assure your continued exemption, you should keep records to show that funds are spent only for those purposes. If you distribute funds to other organizations, your records should show whether they are exempt under section 501(c)(3). In cases where the recipient organization is not exempt under section 501(c)(3), you must have evidence that the funds will remain dedicated to the required purposes and that the recipient will use the funds for those purposes.

If you distribute funds to individuals, you should keep case histories

Letter 1045 (DO/CG)

#### HAINES VOLUNTEER FIRE DEPARTMENT

showing the recipients' names, addresses, purposes of awards, manner of selection, and relationship (if any) to members, officers, trustees or donors of funds to you, so that you can substantiate upon request by the Internal Revenue Service any and all distributions you made to individuals. (Revenue Ruling 56-304, C.B. 1956-2, page 306.)

If we said in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help us resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

anan

Dear Haines Borough Assembly Members:

The Borough mistakenly charged the Haines Senior Village (a 501(c)(3) organization) approximately \$60,000 property taxes over a ten year period (1996-2006). In 2006 half of those taxes were repaid, as a result of negotiations between the Village Board and the Borough Assembly. The Village Board accepted this fifty percent repayment on the grounds that "we don't need the money anyway", even though at the time the Village had two mortgages totaling a debt of over \$400,000.

The Village Board has been actively fundraising during this past year, trying to pay off our first mortgage early, so we can then concentrate on paying off the second mortgage before its \$200,000 balloon payment comes due in 2026. Raffles and candy bar sales have been rewardingly profitable, but it takes a lot of candy bars to pay off a combined debt of more than \$300,000.

At this point, ten years later, Borough government officials are naturally reluctant to discuss any further tax refunds, so we have been trying to "think creatively" and come up with a plan that would enable the Senior Village to pay off both of its mortgages on time, and also benefit the Borough Assembly, through both interest income and Borough-wide goodwill.

When we discussed this together, we decided to explore the possibility of the Borough loaning the Village enough money to pay off both of the Village mortgages. The Borough has made loans to other organizations in the past. For instance, two loans were made in the past to the Klehini Valley Fire Department for the purchase of new fire engines.

If the Borough would loan the Village \$350,000 for ten years at 1% interest, we could immediately pay off both Village mortgages. Our monthly payments to the Borough would be approximately the same as our present monthly payments on our first mortgage alone. At the end of the ten year loan period, the Senior Village would be totally clear of mortgage debt, right on schedule.

One percent interest may seem low, but if we take into consideration the fact that the Borough used \$30,000 interest free for ten years, and has used (and continues to use) another \$30,000 for almost 21 years, the Borough has actually realized between 6.5% and 6.75% interest, already paid up front.

If the suggestion for a loan of this type originates with the Borough Assembly, the Assembly will enjoy an enhanced reputation, both for voluntarily correcting a past mistake, and for caring about the welfare of our senior citizens.

As for the Senior Village Board, our only desire is to pay off the two Village mortgages on schedule, and to wisely and efficiently administer our senior's rental funds.

Thank you for your consideration.

Sincerely,

Bob adkin
