RE: Violation of Constitutional Rights.

Dear Mayor Hill, Assembly Members and Manager Ryan,

Thank you again for dismissing former Manager William Seward. I support the current Assembly and the action taken to get a Manager with local government experience.

I am writing to you to request that my Constitutional Rights, violated by the Haines Borough Police while William Seward was Manager, be addressed by this Assembly. I make this request to avoid further litigation and to support the current Assembly members.

My request is to address the Assembly to present the laws that former Manager Seward violated, to provide the evidence of those violations and make a suggestion for resolution. The Assembly can then make an informed decision on the best action for the Haines Borough.

I will be out of Haines for the next few weeks and can be reached by cell phone or email.

Thank you for consideration of this very important issue.

Sincerely,

Paul A. L. Nelson Pro Se
