Attachment A Scope of Work

1. Project Description

The purpose of this FY 2023 Designated Legislative Grant in the amount of \$3,211,284.00 *pursuant to the provisions of AS 37.05.315, Grants to Municipalities, SLA 2022, HB 281, Chapter 11, Section 14, Page 122, and Line 10* is to provide funding to Haines Borough for use towards Haines Borough Lutak Dock Restoration. The purpose of this project is to restore the Lutak dock. A progressive design build construction model will be used by the borough in two phases.

Phase I includes:

- Relocate the existing boat launch ramp to the adjacent northwest of the existing dock.
- A new uplands area.

Phase II includes:

- Demolition of the existing Lutak Dock.
- Construct a new dock with a partial bulkhead with catwalk.
- Rip rap over the existing footprint of the dock for slope protection.
- Install dolphins, and modern fenders for moorage.

This project may include the following items:

- Design
- Engineering
- Permits
- Inspection
- Construction
- Administration

Additional expenditures must be reasonable and relative to the project objective and may require preapproval by the department.

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

2. Project Budget

Cost Category	Total Project Costs
Project Funds	\$2,890,155.60
Administration	\$321,128.40
Total Grant Funds	\$3,211,284.00

3. Project Management

This project will be managed by the Grantee.

Signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the chief administrator. For grants appropriated to a municipality, the mayor is the chief administrator unless the municipality operates a managerial form of government; then the city manager/administrator acts as the chief administrator. For named recipients and unincorporated communities, the executive director or highest-ranking official will act as chief administrator.

The chief administrator may delegate authority for executing the Grant Agreement and amendments to others within the Grantee's organization via the Signatory Authority Form. The chief administrator also designates financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee's organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this grant. The use of grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent revocation of the grant and any balance of funds under the grant. It may also result in the Grantee being required to return such amounts to the State.

If applicable under state law, grantees must be registered and in good standing with the Department of Commerce, Community and Economic Development's Division of Corporations, Business and Professional Licensing.

4. Reporting

The Grantee shall submit a Designated Legislative Grant Financial/Progress Report Form provided by the Department each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are due thirty (30) days after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project.

Attachment B Payment Method

1. Reimbursement Payment

Upon receiving and approving a Grantee's Financial/Progress Report, the Department will reimburse the Grantee for expenditures paid during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved Financial/Progress Reports, prepared and submitted by the Grantee on the form provided by the Department. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., copies of vendor billings/invoices and proof of payment, general ledger expenditure report).

2. Advance Payment

In most instances, the Department will make payment to a Grantee on a cost reimbursable basis. If cost reimbursement significantly inhibits the Grantee's ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a "Request for Advance Payment" form along with documentation of costs associated with the advance. The "Request for Advance Payment" form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee's next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

3. Withholding of Ten Percent (10%)

The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this Grant Agreement, including all required reporting of the project.

This obligation shall not include such claims, costs, damages, or expenses which may be caused by the sole negligence of the Department of the State of Alaska or their authorized agents or employees, provided, that if the claims or damages are caused by or result from the concurrent negligence of (a) the Department and the State of Alaska and their agents or employees, and (b) the Grantee, its agents or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Grantee, or Grantee’s agents or employees.

Article 4. Waivers

No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. The Department’s failure to insist upon strict performance of any provision of the Grant Agreement, or to exercise any right based upon a breach thereof, or the acceptance of any performance during such a breach, shall not constitute a waiver of any right under this Grant Agreement.

Article 5. Access to Records

The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. ~~They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.~~

Article 15. Obligations Regarding Third-Party Relationships

None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all applicable provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor's performance or activities under the terms of the subcontracts.

Article 16. Conflict of Interest

No officer or employee of the Department; no member, officer, or employee of the Grantee or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of such locality or localities who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Grant Agreement.

Article 19. Prohibition Against Payment of Bonus or Commission

The assistance provided under this Grant Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval or concurrence under this contract provided, however, that reasonable fees of bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

Article 20. Termination by Mutual Agreement

This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

Article 21. Termination for Cause

If the Grantee fails to comply with the terms of this Grant Agreement, or fails to use the grant for only those purposes set forth herein, the Department may take the following actions:

- A. Suspension – After notice in writing by certified mail to the Grantee, suspend the grant and withhold any further payment or prohibit the Grantee from incurring additional obligations of grant funds, pending corrective action by the Grantee or a decision to terminate. Response must be received within fifteen (15) days of receipt of the written notice.
- B. Termination – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

Article 22. Withdrawal of Funds

In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

Article 23. Recovery of Funds

In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all, or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.

All remedies conferred on the Department by this agreement, or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department's option.

Article 24. Disputes

Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This "Disputes" clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

Article 25. Jurisdiction

This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

Article 26. Ownership of Project/Capital Facilities

The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

Article 27. Site Control

If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

As a minimum requirement, the Grantee should obtain a "sufficient interest" that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site.

Article 28. Insurance

The Grantee is responsible for obtaining any necessary liability insurance and maintain in force at all times during the performance of this Grant Agreement the insurance policies identified below. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under Alaska Statute AS 21. The Grantee shall require any contractor hired to work on the project be licensed, bonded and insured for at least the amount of the project and if appropriate provide and maintain Professional Liability Insurance.

- A. Workers' Compensation Insurance for all employees engaged in work under this Grant Agreement, coverage as required by AS 23.30.045, and where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements.
- B. Commercial General Liability Insurance covering all business premises and operations used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than \$300,000 combined single limit per occurrence and annual aggregates where applicable.

- D. Professional Liability Insurance covering all errors, omissions or negligent acts of the contractor, subcontractor or anyone directly or indirectly employed by them, made in the performance of this contract which result in financial loss to the State. Limits required are per the following schedule:

Contract Amount Minimum Required Limits

Under \$100,000 \$100,000 per occurrence/annual aggregate

Article 29. Subcontracts for Engineering Services

In the event that the Grantee subcontracts for engineering services, the Grantee will require that the engineering firm certify that it is authorized to do business in the State of Alaska. In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be for not less than the amount of the entire project.

Article 30. Governing law

This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

Article 31. Budget Flexibility

Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or \$10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

Article 32. Equal Employment Opportunity (EEO)

The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

Article 33. Americans with Disabilities Act

The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity's subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.

Article 34. Public Purposes

The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.

If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

Article 35. Operation and Maintenance

Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

Article 36. Assurance

The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

Article 37. Current Prevailing Rates of Wage

Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project, which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

Article 38. Severability

If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

Article 39. Performance

The Department's failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any rights under this Grant Agreement.

Article 40. Sovereign Immunity

If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waive its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity's governing body, is herein incorporated into this Grant Agreement.

Article 41. Audit Requirements

The Grantee must comply with the audit requirements of the Alaska Administrative Code set forth in **2AAC45.010. AUDIT REQUIREMENTS**. An entity that expends a cumulative or total, equal to the state single audit threshold during the fiscal year is required to have a state single audit. A copy of the most current **2AAC45.010** adopted regulations is available at the Alaska Department of Administration's State Single Audit website: <http://doa.alaska.gov/dof/ssa/index.html>.

Current audit compliance supplements and guides specific to programs under AS 37.05.315 Grants to Municipalities, AS 37.05.316 Grants to Named Recipients, and AS 37.05.317 Grants to Unincorporated Communities can be found at http://doa.alaska.gov/dof/ssa/audit_guide.html.

Article 42. Close-Out

The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

- A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
- B. The last required performance report has been submitted. The Grantee's failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State's interest. Any excess grant amount that may be in the Grantee's possession shall be returned by the Grantee in the event of the Grantee's failure to finish or update the report.
- C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

Appendix A State Laws and Regulations and Permits

Grantees are responsible for all applicable state laws, regulations and permits; including but not limited to the following list which most commonly affects Grantees.

Municipality Public Facility Operations and Maintenance—AS 37.05.315(c)

In accepting a grant under AS 37.05.315 for construction of a public facility, a municipality covenants with the State that it will operate and maintain the facility for the practical life of the facility and that the municipality will not look to the State to operate or maintain the facility or pay for its operation or maintenance. This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

Restriction on Use—AS 37.05.321

A grant or earnings from a grant under AS 37.05.315 - 37.05.317 may not be used for the purpose of influencing legislative action. A grant or earnings from a grant made under AS 37.05.315 - 37.05.317 may not be used for purposes of travel in connection with influencing legislative action unless pursuant to a specific request from a legislator or legislative committee.

The Department of Natural Resources may stop the construction to determine the extent of the historic, prehistoric, or archaeological values.

Procurement Preference for State Agricultural and Fisheries Products—AS 29.71.040

This chapter of the Alaska Statutes applies to municipalities that use state funds to purchase agricultural and fisheries products. The law requires:

1. When agricultural products are purchased, only such products harvested in the state shall be purchased whenever priced no more than seven percent above products harvested outside the state, and of like quality compared with agricultural products harvested outside the state.
2. When fisheries products are purchased, only fisheries products harvested or processed within the jurisdiction of the state shall be purchased whenever priced no more than seven percent above products harvested or processed outside the jurisdiction of the state, available, and of like quality compared with fisheries products harvested or processed outside the jurisdiction of the state.
