

## **1-2-3s of Individual's Responsibilities regarding COVID-19 transmission**

1. The primary way to control the spread of this disease is through social distancing (stay 6 feet from anyone not in your household), frequent hand-washing, and disinfecting high-touch surfaces.
2. Don't travel. Stay at home except short, necessary trips for supplies. If you have not travelled, you may go outside as long as you stay 6 feet from others not in your immediate household.
3. If you have just travelled to Alaska, self-quarantine for 14 days. Do not run errands (contact Haines Support Chain if you need help) and do not leave your property (except for medical appts).
4. If you must travel (because you work for an "Essential Business") you are NOT exempt from requirements. Per State of Alaska Mandate 12, you still must take reasonable care to protect staff and operations during this pandemic.

***"If your business is included in "Alaska's Essential Services and Critical Infrastructure" (formerly Attachment A), you must submit a travel plan or protocol for maintaining critical infrastructure to [akcovidplans@ak-prepared.com](mailto:akcovidplans@ak-prepared.com). The plan should outline how you will avoid the spread of COVID-19 and not endanger the lives of the communities in which you operate, of others who serve as a part of that infrastructure, or the ability of that critical infrastructure to function. "***

**This includes fishermen, miners, contractors, etc.**

5. If you are sick, you must stay home (irrespective of your employment in ANY business) and self-quarantine. Call the clinic at 766-6300 and follow their directions.

## **Closure of Playgrounds and Picnic Equipment**

Due to the high risk of germ spreading on our playgrounds and picnic tables, we will be CLOSING these areas effective TODAY (4/7/20). Tlingit Park, School playgrounds and structures, Oslund Park including both the play structures and the Skate Park, Picnic tables at all Borough Parks including Picture Point, Tanani Point (Ws), etc.

TRAILS and OUTDOOR SPACES can still be utilized with strict emphasis on Physical Distancing!!! Please follow these trail etiquette guidelines:

1. Per CDC guidelines, keep a 6' distance from any other trail users at trail heads, parking lots, and on the trails.
2. If you are approaching others on the trail, step off to allow 6 feet of passing distance.
3. If approaching someone from behind, pass them on the left. Call out before passing to allow other hikers or runners to move aside for a 6-foot-space distance.
4. Smile and wave, but avoid stopping to talk to others on the trail, which can lead to congregations of more than 10 people and lessen the 6-foot distance.
