Subject: heli ski area 6
Date: Monday, November 07, 2016 2:22:31 PM

Julie,

I had a chance to look at the proposed area 6 change and wanted to voice opposition to it.

I recreate in that area by use of snow machine and backcountry ski set up. I would prefer to keep that area closed to Heli-skiing. There is so little terrain that we can day access from the road here. It would be nice to reserve some areas such as this one for non heli access.

I will try to attend the meeting tonight but likely will not get off work in time.

Thanks,
Jason Eson
