

# MEMORANDUM

November 8, 2016

TO: Harriet, Nick, Meredith, Jessica, Amanda, Lee and Rich,  
FROM: Pam Randles  
SUBJECT: Trails Meeting

Can we meet about the trails proposal on Monday, November 21 at 10:00 at the Watershed Council?

Below is some background information. There are two images of the area we have been talking about.

The first one shows ownership. Codes:

- TWC = Takshanuk Watershed Council
- HB = Haines Borough
- NAL = Native Allotment (Warren)
- PC = Port Chilkoot Company
- CIA = Chilkoot Indian Association
- Fair = Southeast Alaska State Fair
- AK = State of Alaska.

Otherwise, the name of the property owner is listed if known.

The second one shows trails. Yellow trails already exist on TWC, CIA and Fair land. Blue trails exist. When they are dashed, that means they are overgrown. Green trails are proposed and have yet to be ground truthed. The dashed trail that leaves Busters pit ends in a cliff. Potentially stairs could be built there. Luke Williams told me that the bear trails are up high, so I have limited my explorations to lower elevations. I have only seen bear sign on the riverbank.
