For years the Chilkoot Indian Association has quietly and efficiently built a beautiful array of accessible trails through the woods and swamp between the school and the fairgrounds. Haines is better because of those trails.

I hope that the planning commission will take advantage of the opportunity to allow something similar to occur on the proposed Portage Cove Trail. We have one of the most wondrous water views in the world. It would be wise to honor what we have by offering residents and visitors an easy route to admire it while meandering, running, rolling in a wheelchair or riding a tricycle along a safe 1.6 mile route.

Sincerely,
