Dear Commissioners,

I am very concerned that something is being pushed through planning channels without our community being informed. In living on the Haines Highway, it is a very important issue to me that this highway could become a haul road for ore from the Yukon. From information I have read there is a fairly strong unity in this town not to have excessive trucks hauling ore. Because of this, it seems to be irresponsible for you as commissioners to push this Phase 3 change through. This is going to have a very large impact for some of us in this community. I ask that you represent us and allow public discussion on this Phase 3 plan.

Thank you .

Mardell Gunn
