A question was received regarding the applicability of a Local Bidder's Preference for the Project. Interested parties should refer to the following Contract requirement:

SECTION 00100 – INSTRUCTIONS TO BIDDERS, 23.0 LOCAL BIDDER PREFERENCE. (VACANT) on Page 14 of the Project Manual.

The term "Vacant" indicates the specification section includes no specific requirements under the terms of the Contract. Due to the funding source for this project, the Haines Borough will not be applying or evaluating a Local Bidder Preference as part of the process to determine the lowest responsible bidder.
